**CONFIRMATION BY FORESTRY COMMISSION**

Having assessed the application and discussed it with the applicant, the FC is satisfied that:

- The species is either present on the site, or there is a high likelihood that it is and further work to prove this would not be justified or beneficial;
- The proposed work is a valid contribution to achieving the stated purpose;
- Other options have been considered and there is no satisfactory alternative; and
- The work will not be detrimental to maintaining a favourable conservation status for the named European protected species.
